DEABRU BELTZAK

Deabru Beltzak presents **SU TALKA**, a creation inspired by one of the oldest and most enigmatic carnivals in the Basque Country: the Alsasua Carnival.

This ancestral celebration, imbued with power and mystery, connects us with the defining figure of the Momotxorroak, characters who emerge from the collective imagination as symbols of transgression, identity, and ritual.

In **SU TALKA**, tradition meets street theater.

Rhythm and fire, inimitable characteristics of our company, merge with the essence of this ancient carnival to create a show that is a pure clash of eras, languages, and cultures. A scenic collision, a ritual celebration, a visual and sonic explosion that transforms the urban space into a stage filled with energy, memory, and emotion.

**SU TALKA**, where fire not only burns, but unites.

Originating in the Spanish Basque Country, **DEABRU BELTZAK** company was formed in 1996 from the meeting of actors from different professional troupes who all shared a passion for street performance.

Now specializing in the creation of traveling shows, this internationally renowned company is experimenting with a new use for the street.

After an extensive tour of most of the world's festivals, the Basque company **DEABRU BELTZAK** combines its talent and expertise with a clear objective: to reclaim the street.
